

KIT POP-UP

designed by
FERNANDO MARTÍNEZ

This versatile collection consists of a series of accessory “kits” designed to fulfill various functions. From individual pendants, multi-light configurations, and track systems to wall lamps with fixed or adjustable arms, these designs offer exceptional flexibility to meet a wide range of lighting needs. The key appeal lies in the ability to pair them with a wide variety of lampshades, allowing each designer to unleash their creativity and fully customize their lighting solution. KIT POP-UP is the perfect choice for those seeking functionality, style, and originality in their projects.

Esta versátil colección está compuesta por una serie de “kits” a modo de accesorios que cumplen diferentes funcionalidades. Desde colgantes individuales, múltiples y para carril, hasta apliques con brazos fijos o móviles. Estos diseños brindan una enorme flexibilidad para resolver múltiples necesidades de iluminación. Su principal atractivo radica en la posibilidad de combinar una amplia variedad de pantallas, permitiendo a cada diseñador dar rienda suelta a su creatividad y personalizar al máximo su solución de iluminación. KIT POP-UP es la elección ideal para quienes buscan funcionalidad, estilo y originalidad en sus proyectos.
