

IP66 OUTDOOR

TINA

designed by
FERNANDO MARTÍNEZ

In this suspension inspired by clay pitchers, light is filtered through two layers of cord creating a warm and cozy ambience.

Inspirado en cántaros de arcilla, en este colgante la luz se tamiza a través de las dos capas de cuerda creando ambientes cálidos y acogedores.

OCEANS WITHOUT PLASTIC

Under this slogan we started an initiative that involves the removal of tons of plastic from the environment every year, thanks to our collection of cord made from recycled plastic bottles, collected from the sea and from our environment.

Bajo este lema comenzamos una iniciativa que supone la retirada de toneladas de plástico del medioambiente cada año, gracias a nuestra colección de cuerda fabricada con botellas de plástico recicladas, recogidas del mar y de nuestro entorno.
